Product Features

Brightspeed Voicemail Direct: A dynamic service that answers your calls without tying up a separate business line. Whether you are using the service to improve customer service or your own company communications, with Brightspeed Voicemail Direct, you can affordably improve the flexibility and efficiency of your call management.

Configure this mailbox to have up to 4 extensions (1 main mailbox and 3 sub-mailboxes) each with its own personalized greeting and name.

Your Brightspeed Voicemail Direct service includes the following enhanced features for greater convenience:

Extended Absence Greeting: Your Extended Absence Greeting can be used as a temporary greeting to be played for special occasions. You might choose to use this option if you are going to be traveling for an extended period of time. In set up, choose to either accept or not accept voicemail messages while your extended absence greeting is in effect.

Out of Office Hours: Your Out of Office Hours greeting can be used to provide a unique greeting when your office is closed. Once you enable the out of office schedule and define the hours, like magic, this greeting will play when outside of your defined office hours.

Using Your New Services

Brightspeed Voicemail Direct

Set up your mailbox: Dial your Voicemail Direct number from any phone. This is a 10-digit number that was assigned to you for use of the voicemail box. At the greeting press  to access the set-up menu.

Follow the voice prompts to complete the easy set up process:

- Set up your 4 to 10 digit PIN (Personal Identification Number)
- Name the mailbox, for example John Smith or XYZ Company
- Personalize your greeting (NOTE: This is your personal greeting and will be heard when callers select your mailbox. The greeting callers will hear which offers mailbox options is called the Group Greeting and that will be recorded in just a few moments.)

Your mailbox is now ready to take messages or you can continue and add extension mailboxes; up to 4.

Create your Extension Mailboxes

From the Main Menu, press  for Mailbox Settings, then press  for Extension Mailbox options, and press  to add an Extension Mailbox.

Follow the prompts to continue to add extension mailboxes up to the allowed number.

Once you have created the desired amount of extensions, press the  key three times to return to the Main Menu.

Record your Group Greeting

The Group Greeting is the greeting callers will hear if you have multiple extensions enabled. A default message will play to callers requesting the mailbox that they want to leave a message if a Group Greeting is not recorded*. When recording a company greeting in your own voice be sure to record the mailbox press off options for the callers. For example, "Thank you for calling XYZ Company. To leave a message for John Smith, press 1; to leave a message for ABC Department, press 2; to leave a general company message, press 3."

* If mailboxes are not yet personalized then callers will only hear mailbox numbers rather than a name or department in which the mailbox is associated.

If you are still in the Mailbox: From the Main Menu, press  to access Greetings, then press  to work with your Group Greeting. When prompted, press  to record your Group greeting. IMPORTANT: You must press  to save the Group Greeting after listening to the draft recording to enable the greeting. If you have disconnected and have come at a later time to record your Group Greeting, you must first log into Mailbox 0/Extension 1 by pressing  at the initial mailbox greeting.

NOTE: Mailbox 0 will be the first option presented if a name was not previously recorded. Mailbox 0 is Extension 1 and will serve as the main mailbox for managing the group setting as well as taking messages for Extension 1.

Set-up and Personalize your Extension Mailboxes

For increased security you must set up your extension mailboxes from your business phone in which voicemail service is enabled before you can access remotely. Naming your mailbox provides personalized identity as to the mailbox owner. This will be important for both callers and users who are presented with the option to select the mailbox in which they want to leave a message or log in.

If you are still in the Mailbox: From the Main Menu, press  to log into another mailbox. Enter your business phone number followed by the  key. You will be asked who you want to log in as. Select the mailbox extension in which you want to set-up, and follow the voice prompts as you did to set up your initial mailbox.

- Set up your 4 to 10 digit PIN (Personal Identification Number)
- Name the mailbox, for example John Smith or ABC Department
- Personalize your greeting

If you are going to personalize another extension mailbox, repeat the preceding instructions beginning with "If you are still in the Mailbox".

If you have come at a later time to set-up/personalize an extension mailbox, you must log into the mailbox/extension in which you wish to update. You will be prompted at the time of mailbox access as to who you want to log in as. Once a mailbox/extension has been selected, follow the voice prompts to complete the easy set-up process:

- Set up your 4 to 10 digit PIN (Personal Identification Number)
- Name the mailbox, for example John Smith or ABC Department
- Personalize your greeting

Helpful Hints

Brightspeed Voicemail Direct Dial Extensions 4: Remember to press  to exit your mailbox before you hang up. If you hang up before pressing , the line will remain connected to your mailbox for up to 45 seconds, and you could accidentally reset your PIN if you pick up the phone again and dial another number within those 45 seconds.

Your phone must be set for Tone dialing, not Pulse dialing to work with your mailbox.

Your Brightspeed Voicemail can store up to 8MB of messages, which is around 10 minutes of voice messages. If you've selected additional storage space, your Brightspeed Voicemail can store up to 16MB, which is around 25 minutes of voice messages.

Your Brightspeed Voicemail Direct will store unread messages up to 15 days and read messages up to 5 days.

If your mailbox is full, instead of your greeting, callers hear "Mailbox for [mailbox name] Sorry, the mailbox is full and there is not enough space to leave a message." The system will hang up on the caller. If this happens, press  key during this greeting in order to access your messages.

If you are ever unsure what to do next, wait a few seconds, and Brightspeed Voicemail's voice prompts will guide you with available options.

Customer must subscribe to Brightspeed local wireline service and at least one Call Forwarding feature such as Call Forward No Answer or Call Forward No Answer-Fixed. Call Forward Busy is recommended as well.
